What does the Company do?

Printank is a B2 sheet fed litho printer producing a diverse range of print for a wide array of different customers.

What is the background of the Company?

The company was formed in 1993 by 5 family members with the specific aim of providing a superior level of service within the print industry.

Working alongside you, we strive to understand your objectives and by combining our knowledge of the industry and our expertise, we aim to provide you with total solutions for all your printing projects. From design, through production and beyond, we offer expert, individual attention; professional project management; cutting-edge technology; first class quality at exceptional value; and guaranteed on-time completion. .

What are the unique selling points of the business?

Many years of trading have shown that in today's marketplace, customers want more choice, but less hassle. That's why the company has invested in a full range of presses, pre-press services, digital equipment and professional design and marketing expertise to create a single source for all design and printing requirements. One firm - total service - total solution.

Who are your major clients?

Our clients include Design & Marketing Agencies, Educational Organisations & Print Management Companies which has led to work being produced for major organisations such as De Montfort University, Marks & Spencers, National Car Rental, Tescos, Vision Express, Boots & British Gas
